

***3rd Meeting of the Task Force
on techno-economic issues
under the Convention
on Long-Range Transboundary Air Pollution
October 20, 2017, Rome, Italy***

**EECCA countries Coordinating Group planned
work for implementation in 2018-2019**

Mr. Alexander Romanov,

Chair of the EECCA Coordinating Group
Deputy Director General, SRI Atmosphere
Saint-Petersburg, Russia

EECCA Coordinating Group

2018-2019 planned activities

1. National legal framework analysis, introduction and implementation of integrated environmental permitting procedure and BATs and/or other cost-effective measures in various sectors;
2. Promotion of technical assistance in further improvement of reporting of emission inventories under the Convention;
3. Development of emission projections, estimation of base year emissions and emission reduction targets for 2020 and beyond in the target countries;
4. Establishment of indicators to assess the progress of EECCA countries in relation to ratification
5. Separate session of the Coordinating Group (in cooperation with TFTEI and, potentially, other groups and bodies under the Convention) in 2018

2018-2019 planned activities

- Policy Review Group work, including LTS update, covering EECCA issues;
- Preparations to Saltsjöbaden VI workshop to be held in March, 2018
 - Separate session on EECCA – on the way to clean air, with a focus on political issues (barriers towards ratification)
- Bridging CLRTAP and Minamata: Initial assessment activities and results (how to use this experience for the HM protocol and potentially wider)

Proposed cooperation activities

- Joint EECCA CG/TFTEI meeting in 2018 (October-November):
 - Update on the BAT and MIA work in EECCA
- Update and exchange information on the TFTEI Clearing house of technologies, presentation of the database and how to use it
- Sharing Russian experience in BAT implementation, integrated environmental permit introduction etc.
