

TFTEI

Under the Convention on Long Range Transboundary Air Pollution

Webinar on TFTEI Informal Background Documents for Air Pollution Control under the CLRTAP

*Jean-Guy Bartaire
Cecilia Camporeale
TFTEI Co-Chairs*

Task Force on Techno Economic Issues (TFTEI)

- Task Force of the United Nation Economic Commission for Europe (UNECE) under the Convention of the Long-Range Transboundary Air Pollution (CLRTAP)
- Provides technical and economical information on measures to reduce emissions from stationary (combustion plants, industry, residential activities...) and mobile sources (road traffic, inland water ways, maritime traffic...)
- Currently engaged in the process of review and revision of the Gothenburg Protocol

Convention on Long-range
Transboundary Air Pollution

Last TFTEI annual meeting, October 17, 2024 in Paris

The aim of webinar is...

... to explore the revision of the Amended Gothenburg Protocol and emphasize the practical significance of the TFTEI informal technical documents translated into Russian by linking them to the CLRTAP protocols.

A webinar dedicated to

Key stakeholders involved in air pollution control in the EECCA countries, the Western Balkans and Turkey, mainly policy makers and regulators but also technical experts and consultants of those countries and broader audience interested by the TFTEI activities

Main Goals of the Webinar

- Explain the process of Amended Gothenburg Protocol revision and negotiation
- Provide EECCA countries, the Western Balkans and Turkey stakeholders with an in-depth understanding of the TFTEI informal technical documents translated into Russian
- Promote the implementation of advanced emission reduction strategies and support the regional adoption of AGP

Thank you very much for attending this Webinar.
