

# HOW TO REPORT EMISSIONS UNDER THE CONVENTION ON LONG-RANGE TRANSBOUNDARY AIR POLLUTION

## E-learning Course

## **Aim of the course**

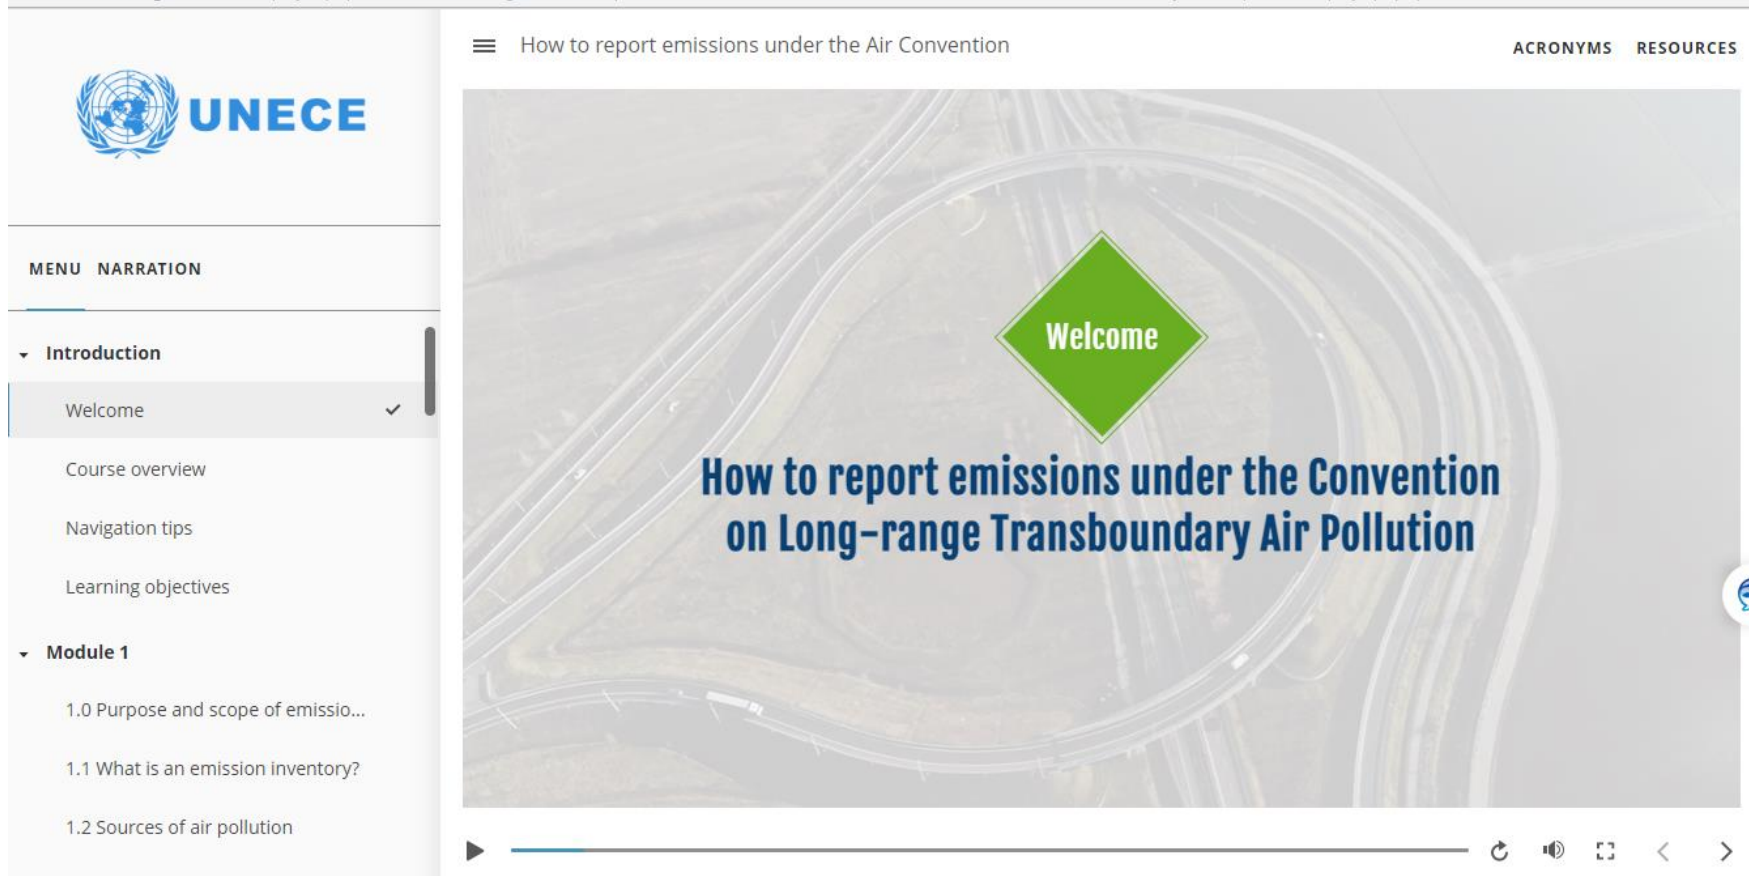

- **Assist countries in addressing air pollution and develop emission inventories**
- **Explain the importance of emission inventories for clean air policy development**
- **Explain the reporting process and requirements**
- **Explain methods for emission estimation**

# Learning objectives

- Explain what an emission inventory is
- Identify substances that are released into the atmosphere from various human activities
- Describe how emission inventories contribute to the development of clean air policy at national and international levels
- Outline the objectives, scope and principles of the Guidelines for reporting developed under the Convention
- List different source categories covered by reporting obligations
- Understand the principles of completing the reporting templates
- Describe different emission estimation methods used under the Convention

# How to Report Emissions under the Convention on Long-range Transboundary Air Pollution

Overview Course Certification

The screenshot displays the course interface. At the top left is the UNECE logo. Below it is a 'MENU NARRATION' section with a dropdown menu. The menu items are: Introduction (expanded), Welcome (checked), Course overview, Navigation tips, Learning objectives, Module 1 (expanded), 1.0 Purpose and scope of emission..., 1.1 What is an emission inventory?, and 1.2 Sources of air pollution. The main content area shows a video player with a 'Welcome' message in a green diamond and the title 'How to report emissions under the Convention on Long-range Transboundary Air Pollution'. The video player has a progress bar and control icons. At the top right of the video player area are links for 'ACRONYMS' and 'RESOURCES'. At the bottom of the page are logos for UNECE, the Federal Ministry for the Environment, Nature Conservation and Nuclear Safety, Umwelt Bundesamt, and the European Union.

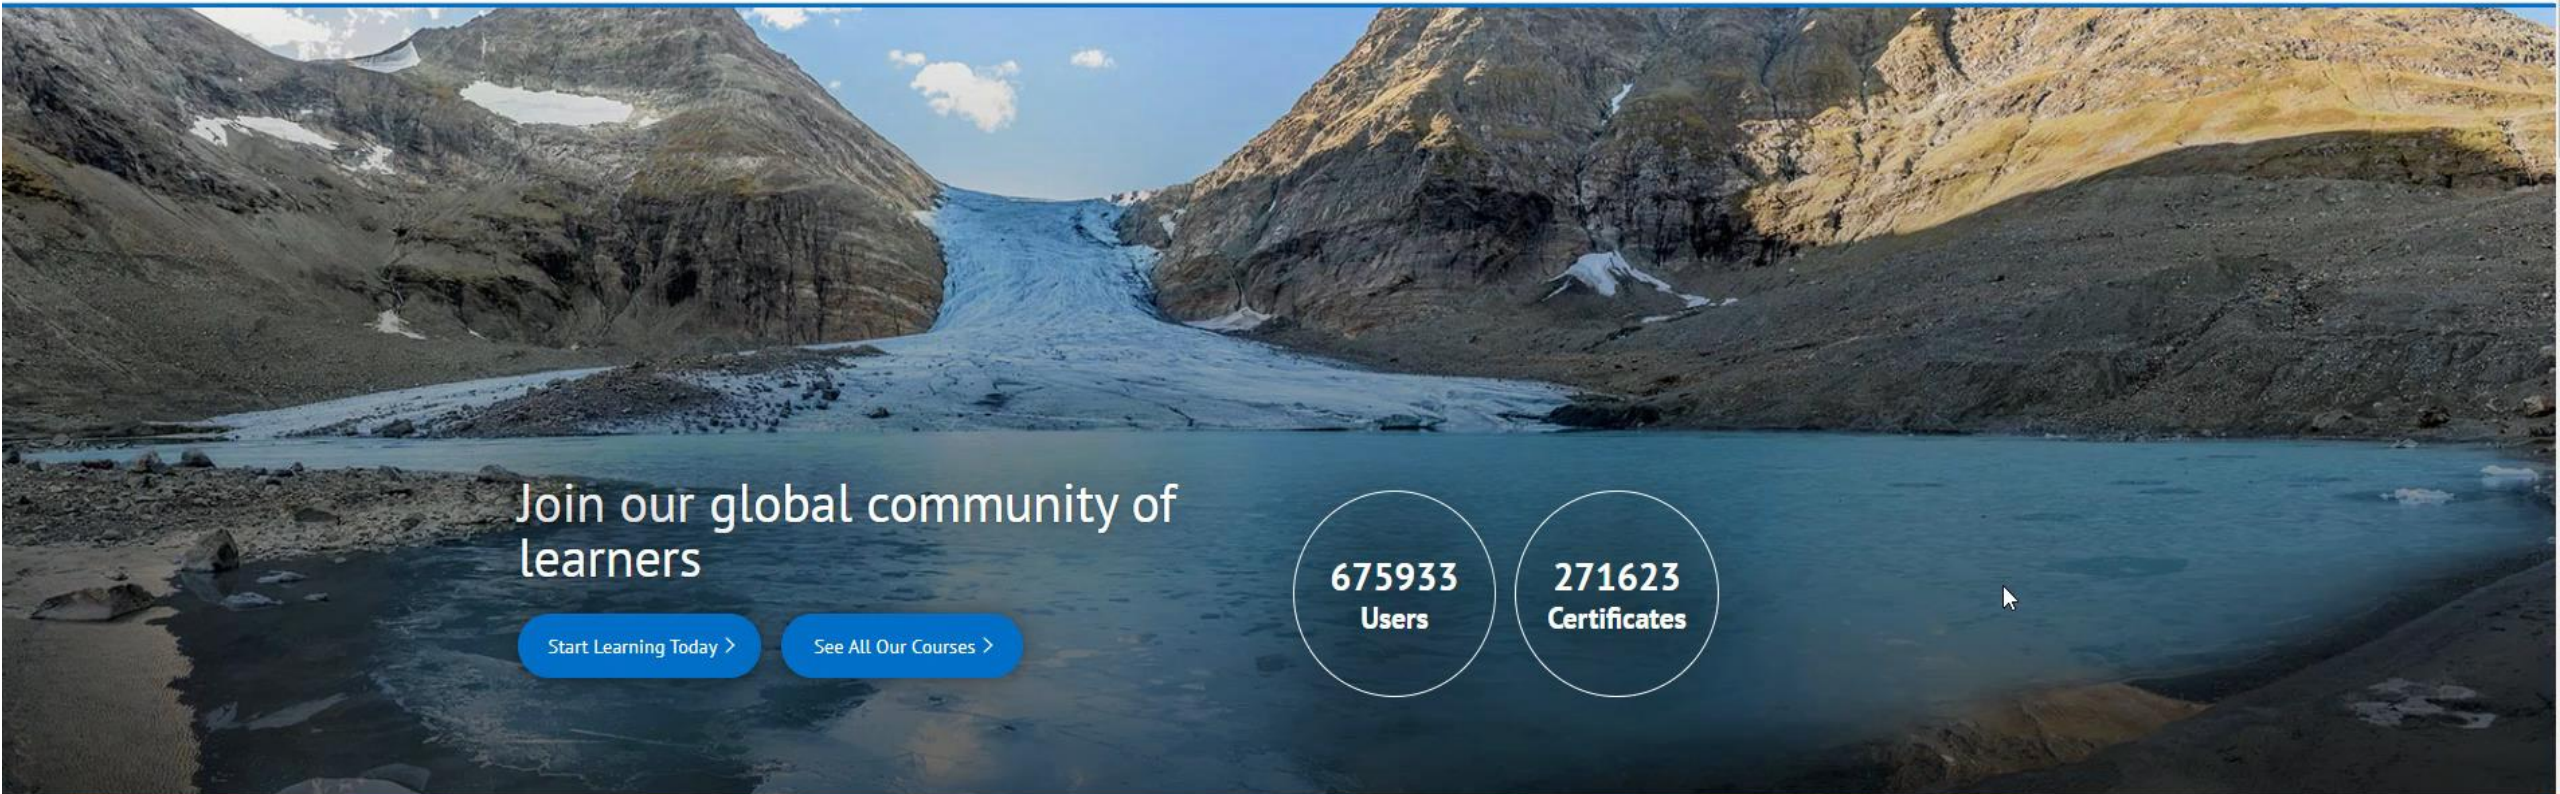

-  Self-paced course
-  1.5 hours, 3 modules

## Convention on Long-range Transboundary Air Pollution

[Overview](#) [Course](#) [Certification](#)

 **Module 1: The Convention on Long-range Transboundary Air Pollution**  
1 hour 0/1 Activities

 **Module 2: The Protocol to Abate Acidification, Eutrophication and Ground-Level Ozone (Gothenburg Protocol)**  
1.25 hour 0/1 Activities

 **Module 3: The Protocol on Heavy Metals**  
0.75 hour 0/1 Activities

 **Module 4: The Protocol on Persistent Organic Pollutants**  
0.5 hour 0/1 Activities

 **Final Assessment**  
0/1 Activities

 Self-paced course

 3.5 hours
